

FORKLIFT SAFETY

ALWAYS BE AWARE OF YOUR SURROUNDINGS!

- Forklift traffic can be heavy around the work area, keep an eye on their activity
- Step away when forklifts are operating in the work area
- Move away from product being stacked
- Walk in designated aisles
- Stop and look before crossing intersections
- Never assume the driver sees you
- Never drive a forklift in a customer's facility
- BNC warehouses require certified drivers only
